- Created epics and issues on Jira and setup BitBucket repositories install WordPress and started creating the site.
- Created the registration and login pages along with the profile page.
- Created the page to display the properties that are added by the sellers on the site.

2. Description of any internal/external training undertaken ***

- We are working with WordPress for development so we have to check for new things that we don't know and we have to learn those and apply them to the website.

3. Reflection on your learning (e.g. skills and knowledge gained) from the above

- How to create child themes and how to add custom templates of our to the WordPress site.
- I learned how to create logical conditions in different parts of the website.
- Now I am able to design and create websites using WordPress.

4. Identify any areas requiring improvement (if any)

- Have to improve the timing of my work. Need to get the work done as efficiently.
- I have to improve my skills on styling websites, improve my skills on CSS.

5. Your goals or targets for the next couple of months based on areas requiring improvement (if any)

- Within the next few months, I want to complete the Kurulugedara project with my team.
- I want to develop my designing skills and improve my skills in CSS.

6. Describe and evaluate your own skills in relation to the graduate attributes and the professional skills needed in the sector

- I'm perfectly able to communicate with my teammates and complete the work at hand with them. I have improved my teamwork skills during the past few months.
- I have obtained the knowledge of working with WordPress. Before my internship, I didn't have any experience working with WordPress.

Once you have addressed the points (outlined in questions 1-5), ask your supervisor to assess your performance for the month using the following table.

	Below expectation	Satisfactory	Above expectation	Outstanding	N/A
Attitude to work				x	
Quality of work				x	
Productivity				x	
Literacy and Communication skills				x	
Critical Thinking skills				x	
Reliability				x	
Global Outlook				x	
Suitability of future goals (refer to question 5)				x	
Overall Achievement				x
